The Parties may agree to extend the period of time for Developer to construct and complete the Improvements by mutual written agreement.
- 4.3 Compliance with Regulations. Developer agrees that it will comply with the City’s development approval processes and shall construct the Development consistent with City ordinances, development regulations, and requirements in effect as of the Effective Date of this Agreement.

Developer shall maintain complete books and records showing that it has complied with its obligations herein, which books and records shall be deemed complete if kept in accordance with generally acceptable accounting principles. Such books and records shall be available for examination by the duly authorized officers or agents of the City during normal business hours

upon request made not less than ten (10) business days prior to the date of such examination.

- 4.5 Submission of Data. Developer shall submit the following:

Enforcement of such deed restrictions or private covenants (where more stringent than City Ordinance) will be the responsibility of the HOA.
- 4.9 Variability of Design Construction. The Developer agrees to incorporate variability with respect to the design and construction of homes within the subdivision. The Developer will offer varying layouts, rooflines, facades, and setbacks that provide a distinct yet complementary inventory of homes.

5. **Rights and Obligations of the City.** In consideration of Developer's compliance with this Agreement, the City agrees as follows:

5.1 Economic Incentive Payments. Pursuant to Chapter 380 of the Texas Local Government Code, City and Developer agree that receipt of Economic Incentive Payments (EIP) with respect to the Developer's Property are contingent upon the following terms and conditions:

5.1.1 EIP's Based on Ad Valorem Property Tax. City shall, pursuant to Chapter 380 of the Texas Local Government Code, but subject to the conditions set out herein, make annual EIPs to Developer within thirty (30) days after Developer submits to the City the documentation of Ad Valorem Property Tax revenue paid for the Developer Property for such calendar year as required in Section 4.5 (Submission of Data), above. The EIPs are to be calculated as follows:

(a) Calculations will be based upon the Ad Valorem Property Tax actually paid by Developer and collected by the City on the Developer's Property;

(b) The Project shall meet a construction start date of **December 31, 2023**, or not later than 90 days after receiving all City approvals and permits necessary to begin construction. Construction start is defined as a minimum of 5% (\$225,000) of the estimated \$4,500,000 project costs must be incurred.

(c) Infrastructure construction (e.g., roads, curbs, street lights, gutters, water, wastewater, electric, etc.) shall be completed no later than **December 31, 2024** with acceptance by the City upon expiration of the 2-year performance warranty. Additional time for construction will be allowed should the contractor provide written documentation to the Developer and City with evidence of delays beyond his control, such as supply chain issues, work schedule restrictions (e.g. COVID shutdowns, strikes, force majeure, etc.), major weather events that impact production or cause setbacks (e.g. flooding of the Colorado River, major erosion, tornadoes, wind damage, etc.), or any other reasonable impact to the delivery schedule beyond the reasonable control of the contractor or developer.

(d) With respect to the Developer's Property, the EIPs will be a dollar amount equal to the percentage of the Ad Valorem Property Tax actually paid on the Developer's Property by Developer for each calendar year as set forth below:

Calendar Year	EIP Performance Criteria	Percent (%) Rollback Tax Reimbursement	Percent (%) Property Tax Reimbursement
2023	Start Project	100%	50%
2024	Infrastructure Complete	N/A	100%
2025	30 Lots Sold (30 Total)	N/A	100%
2026	30 Lots Sold (60 Total)	N/A	100%
2027	30 Lots Sold (90 Total)	N/A	100%
2028	22 Lots Sold (112 Total)	N/A	100%

(e) In addition to the other terms and conditions in this Agreement, if Developer has not sold or otherwise conveyed at least thirty (30) lots within the Developer's Property by **December 31, 2025** to an unrelated 3<sup>rd</sup> party, then no EIP's shall be due and owing after this date. Thereafter, for the term of this Agreement, if thirty (30) additional lots have not been sold or otherwise conveyed within the Developer's Property, no EIP's shall be due and owing for that respective year and each year thereafter. The sale of more than thirty (30) lots in a given year will be credited to the next year's EIP target (reference EIP performance criteria in Section 5.1(d) above). The Parties agree that the terms of this subsection may be modified by mutual written agreement.

5.2 Payments Subject to Future Appropriations. Although certain payments under this Agreement are calculated based on a formula applied to Ad Valorem Property Tax revenues, this Agreement shall not be construed as a commitment, issue or obligation of any specific taxes or tax revenues for payment to Developer. All payments by the City under this Agreement are subject to the City's appropriation of funds for such payments in the budget year for which they are made. The payments to be made to Developer shall be made from (i) annual appropriations from the general funds of the City, or (ii) from such other funds of the City as may be legally set aside for the implementation of Article III, Section 52a of the Texas Constitution or Chapter 380 of the Local Government Code or any other economic development or financing program authorized by statute or home rule powers of the City under applicable Texas law, or (iii) from a combination of (i) and (ii) above, subject to any applicable limitations or procedural requirements. Failure of the City to appropriate funds annually for the payments to be made to Developer hereunder shall be considered a default and breach of contract by the City.

5.3 Impact Fees. City shall not charge Developer or its successors or assigns sewer or water impact fees for the water supply or wastewater treatment capacity to be provided to the Developer's Property.

5.4 Discounted Tap Fees. Water tap fees shall be due and owing (without discount) from future builders or owners of individual homes and businesses as same are connected to the City's water system per the schedule below:

3/4" - \$3,000	1-1/2" - \$5,000	Over 2" - Cost + 25%
1" - \$3,500	2" - \$5,500	

The Developer (Smithville Land Partners, LLC) will receive a 100% discount if he installs (at Developer's expense) sewer taps as part of the infrastructure construction and/or he becomes the builder of record. If anyone other than Smithville Land Partners, LLC becomes the builder of record (and sewer taps were not previously installed as part of the subdivision's infrastructure construction), sewer tap fees will not be discounted and will be due at 100% of the cost.

5.5 Sidewalks and Roadways. Developer has agreed to provide four (4) feet wide sidewalks along both sides of public streets constructed by Developer within or adjacent to the Developer's Property at no cost to the City. Sidewalks shall be part of the Developer's Improvements and contributions eligible for EIPs.

5.6 City Utility Poles. City shall relocate, at its sole cost and expense, any City-owned utility poles located within the Developer Property that conflict with planned roadways or any of the Improvements.

5.7 Annexation Fees. City is solely responsible for all fees related to the annexation of the Developer Property into the City's corporate limits.

5.8 Utility Service. City shall provide water and wastewater service to the Developer Property, as such property is annexed into the City, with a reservation of capacity of (i) no less than 120 LUE's for water service, and (2) 120 LUE's for wastewater service for the Developer Property. It is currently contemplated that electricity service to the Developer Property will be provided by Bluebonnet Electric Cooperative.

5.9 Service Plan. Pursuant to Texas Local Government Code § 43.0672(b), the City shall provide the Development Property with municipal services (fire, police, ambulance, etc.) within sixty (60) days of the annexation per a mutually accepted service agreement.

6. **Zoning/Preliminary Plat Approval.** Immediately upon the City's approval of annexation, the Developer Property shall be automatically zoned SF-1, Single Family Residential Zoning District as per the City's Zoning Regulations for newly annexed properties. Developer shall also concurrently apply for City approval of a preliminary plat for the Developer Property as a condition of said annexation, and such preliminary plat shall be approved by the City provided the preliminary plat meets all applicable City requirements (with approved variances). City agrees to review and provide written comment on the Developer's preliminary plat application to Developer in advance of annexation approval so as to give Developer sufficient opportunity to submit a preliminary plat application that meets all applicable City requirements (with approved variances).

7. **Taxable Property.** If and when any part of the Developer Property is sold or otherwise transferred by Developer to any third party (other than a transfer related to an assignment of all or part of Developer's rights and obligations hereunder or a transfer to a Developer related entity created by Developer for the purpose of developing the Developer Property, as described in Section 10.7 below), taxes on the transferred property shall accrue and be owing to the City commencing on January 1<sup>st</sup> of the year following the date of such transfer. Developer shall not be entitled to any reimbursement for taxes paid for the transferred property for the year following the date of transfer.
8. **Rollback Taxes Reimbursement.** To the extent rollback taxes are assessed on all or any portion of the Developer Property, City agrees to reimburse to Developer any such rollback taxes paid to City as an additional grant to Developer pursuant to Chapter 380 of the Texas Local Government Code. City acknowledges that the determination of property tax valuation, equalization, exemption, special open space valuation, and tax rollback are within the exclusive province of the appraisal district and as a result, City takes no position on these matters.
9. **EIP Recapture.** In the event the City terminates this Agreement as a result of Developer's default, the City may recapture and collect from Developer the Recapture Liability. Developer shall pay to the City the Recapture Liability within thirty (30) days after the City makes demand for same, subject to any and all lawful offsets, settlements, deduction, or credits to which Developer may be entitled. The Parties may agree to extend the timeframe and/or terms of payment of the Recapture Liability by Developer by mutual written agreement. Notwithstanding anything herein to the contrary, such Recapture Liability shall not exceed, in the aggregate, an amount equal to all EIPs that were paid pursuant to this Agreement from the Effective Date to the date of termination.

#### 10. Miscellaneous.

- 10.1 Mutual Assistance. The Parties will do all things reasonably necessary or appropriate to carry out the terms and provisions of this Agreement.
- 10.2 Representations and Warranties. The City represents and warrants to Developer that the Program and this Agreement are within its authority, and that it is duly authorized and empowered to establish the Program and enter into this Agreement, unless otherwise ordered by a court of competent jurisdiction. Developer represents and warrants to the City that it has the requisite authority to enter into this Agreement.
- 10.3 Default. If either the City or Developer should default in the performance of any obligations of this Agreement, the other party shall provide such defaulting party written notice of the default, and a minimum period of thirty (30) days to cure such default, prior to instituting an action for breach or pursuing any other remedy for default. If the City remains in default after notice and opportunity to cure, Developer shall have the right to terminate this Agreement by giving written notice thereof to City and to pursue any remedy at law or in equity for the City's breach. If Developer remains in default after notice and opportunity to cure, City shall have the right to terminate this Agreement by giving written notice thereof to Developer

In the event any legal action or proceeding is commenced in a court of competent jurisdiction between the City and Developer to enforce provisions of this Agreement and recover damages for breach, the prevailing party in such legal action shall be entitled to recover its reasonable attorney's fees and expenses incurred by reason of such action, to the extent allowed by law.
- 10.5 Entire Agreement. This Agreement contains the entire agreement between the Parties with respect to the construction of the Development. This Agreement may only be amended, altered or revoked by written instrument signed by the Parties.
- 10.6 Binding Effect. This Agreement shall be binding on and inure to the benefit of the Parties, and their respective successors and assigns.
- 10.7 Assignment. Except as noted hereinbelow, Developer may not assign all or any part of its rights and obligations to a third party without the express written consent of the City, which consent shall not be unreasonably withheld, conditioned or delayed. Notwithstanding the immediately preceding sentence, Developer shall be authorized to assign this Agreement and all rights hereunder to a related entity created by Developer for the purpose of developing the Developer Property, without the prior written consent of the City. The City may not assign all or part of its rights and obligations to a third party without the express written consent of Developer, which consent shall not be unreasonably withheld, conditioned or delayed.
- 10.8 Amendment. This Agreement may be amended by the mutual written agreement of the Parties.
